# ABOUT HOFSTRA UNIVERSITY

## Live the Campus Life

### Programs Driven by Industry Needs

- Learn how to write compelling content from Emmy Award-winning communications faculty.
- Dive deep into the world of cybersecurity with the DeMatteis School of Engineering and Applied Science's Facebook connections.
- Take steps toward starting your own business by consulting entrepreneurs-in-residence or springboarding collaborations at the IdeaHUB.

Hofstra's faculty constantly collaborates with top executives in each industry to build strong programs and ensure that Hofstra students meet the employment market needs. Our programs are designed with industry-level standards in mind. The curriculum is updated often based on what's happening in your field, so you're learning the most up-to-date and important skills for your career goals. On top of that, our faculty have either held your dream job or have lucrative contacts to leaders in the field.

### Preparing You for Your Career

- Interview alongside the reporters who cover on-campus events of national interest, like the US presidential debates in the last three election cycles.
- Get a feel for what your first job in engineering would be like with the Co-Op program where you will complete a paid six-month internship.
- Learn trading in one of the largest academic trading rooms in the nation, identical to those used by leading financial institutions.

Career preparation begins with practicing in the classroom what you will perfect in the boardroom. These experiences on your résumé are what will impress companies when you apply for jobs. By studying at Hofstra, you have the chance to go after Hofstra-exclusive learning opportunities and have an edge on the job market competition when you graduate.

### Virtual Campus Tour

Take a campus tour from home with Hofstra's Virtual Tour at [www.youvisit.com/hofstra](http://www.youvisit.com/hofstra)

By living just outside New York City, you get to enjoy a relaxed neighborhood as your daily retreat, with the option to get your Big Apple fix in one hour or less. Instead of being in the New York City hustle and bustle, you can focus on your studies in a calm, welcoming and cozy atmosphere.

With more than 500 on-campus events per year and 21 NCAA Division I teams, there is plenty of entertainment on campus. You will be able to easily walk to classes and live in affordable on-campus housing while breathing in the fresh floral breeze.

Hofstra's location puts you in a diverse, coastal community near spectacular beaches, historic landmarks and popular New York City boroughs like Brooklyn and Queens.

### Things to Do on Long Island

- Enjoy the beaches from Long Beach to the glamorous Hamptons.
- The 300-year-old Sunken Forest on nearby Fire Island features an untouched forest and wide open beach.
- In the hometown of abstract artist Jackson Pollock, it's only fitting to visit museums like the Nassau County Museum of Art and the Parrish Art Museum in Water Mill.
- Eat freshly caught, local seafood on Shelter Island.
- Go shopping at the Roosevelt Field Mall, one of the top 10 largest malls in the United States. *Tripping.com*

F. Scott Fitzgerald's claim-to-fame novel, *The Great Gatsby*, is set on Long Island's Gold Coast.

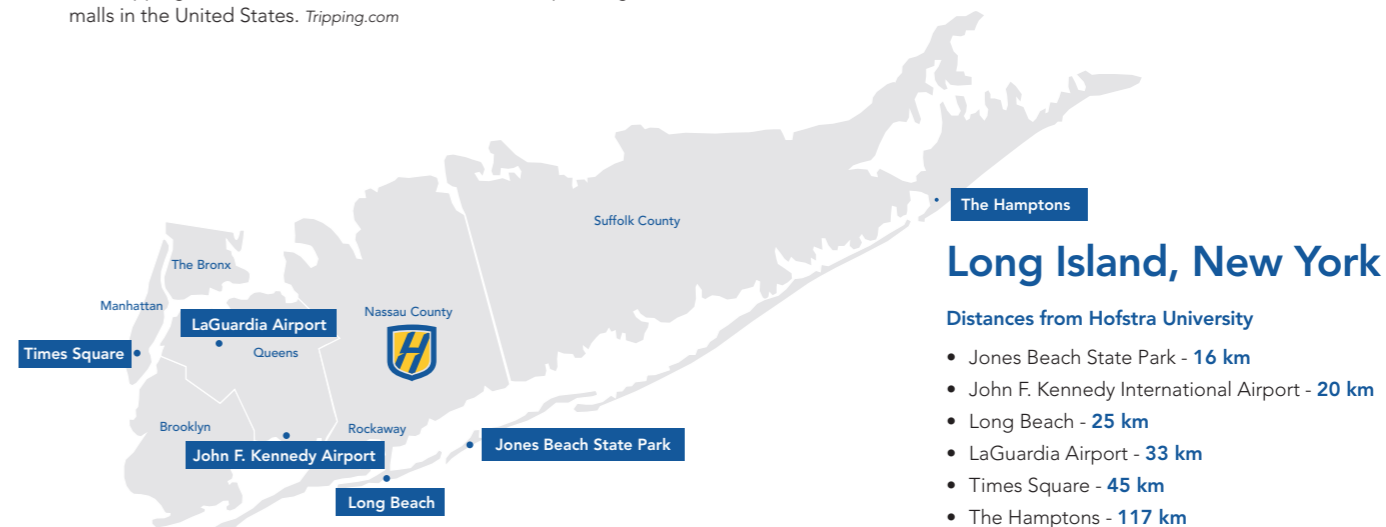

### The INTO Hofstra Advantage

93% of all completed Pathway students were eligible to progress at Hofstra in 2019-2020. Eligible students are those who completed the Pathway program and qualified for admission as degree-seeking students. Enrolled students are those who enrolled as degree-seeking students in their next term of degree study at their host university.

# The Frank G. Zarb School of Business

"My experience at Hofstra and in this country couldn't be better! The MBA program gave me so much knowledge about business, especially in the finance and accounting fields which I never worked in before. I got my co-op internship at Zwanger-Pesiri Radiology as a marketer. Hofstra helped me with my CPT application. After three months of interning, the company offered me a full-time position. Now they are helping me with my OPT application. I appreciate all the talented individuals I have met through the co-op program. It has exposed me to different cultures which has molded my way of thinking."

**Max**, China

## Where You Will Learn

- The Leo A. Guthart Hall for Innovation and Discovery: The Frank G. Zarb School of Business boasts a 52,000-square-foot building.
- Behavioral Science and Market Research Lab: Study and research consumers' physical and physiological behavior with the latest technology to analyze their engagement process to a brand or a product.
- The Martin B. Greenberg Trading Room: One of the largest academic trading rooms in the nation, identical to those used by leading financial institutions and equipped with 34 Bloomberg Professional terminals.

## Get to Work With America's Business Leaders

### HOFSTRA-DIGITAL REMEDY VENTURE CHALLENGE

- Annual entrepreneurship competition gives students the opportunity to create and pitch their own business plan.
- Winners of the competition receive a cash prize to help implement their business plan, a space in a Manhattan office for the summer and a digital marketing package to launch their business.

### IBM GLOBAL UNIVERSITY

- New alliance between the Zarb School of Business and IBM Global University enhances Hofstra's technology curriculum and provides training and certification in high-demand digital skills to students such as AI, Blockchain and decision sciences.
- First partnership of this kind with IBM in the state of New York.

### MBA CO-OP PROGRAM

- Six-month paid co-op experience at leading corporations in New York City and on Long Island.

### STUDENT MANAGED INVESTMENT FUND

- Students manage a portfolio of \$100,000 as a team while learning about the analysis and investment process of a fund.

## Bring Your Ideas to Life

### INSTITUTE OF INNOVATION AND ENTREPRENEURSHIP

- IdeaHUB: A business incubator where students can collaborate with startup companies.
- Entrepreneurs-in-Residence: Experienced entrepreneurs give aspiring students advice on the next steps to take toward starting their own business.
- Unispan Records: Student-run record label that gives students the chance to record, produce, promote and distribute music.

## Real Tech Experience for the Real World

### FACEBOOK'S CYBERSECURITY UNIVERSITY PROGRAM

- One of only nine US universities to have this program in collaboration with Facebook.
- Cybersecurity training coding academy: In conjunction with Facebook and CodePath.org, Hofstra offers a free, 12-week cybersecurity training coding academy.
- Scholarships for cybersecurity conferences: Facebook offers various scholarships to top students and invites them to attend conferences such as the annual Facebook Developer Conference in Silicon Valley.

### ASPiRe (ADVANCED SUMMER PROGRAM IN RESEARCH)

- 10-week, intensive program for students interested in pursuing a research project related to their major.
- Work full-time during the summer on your research project with faculty or peer mentors and present your research at a symposium at the end of the summer. You might even present at professional conferences or publish your research in scholarly journals.

# The Fred DeMatteis School of Engineering and Applied Science

## CENTER FOR INNOVATION

- Companies consult the Center for Innovation at Hofstra when they need help solving a technical or practical engineering problem.
- As a student, you will join a group of experienced professionals, faculty and engineers to find an innovative solution for a company while gaining real-world experience.

## ENTREPRENEURSHIP IN COMPUTING

- The Leadership and Innovation concentration is available to computer science students.
- You will learn to identify innovative and entrepreneurial opportunities in computing and how to move from an idea to a product to a small company.
- As part of this course, you will have a 10- to 13-week internship with a local startup company. You will be mentored by entrepreneurs in all aspects of working, managing and organizing a startup.

## CO-OP PROGRAM

- Undergraduate engineering and computer science students can begin the program after the first semester of their junior year. The program is also available for graduate-level computer science students.
- Complete a six- to eight-month paid internship at industry-leading corporations in New York City, on Long Island or nationwide.
- Over 150 corporate partners, including Black Knight, Canon, Estée Lauder, Gerber Technology, Google, GroupM, IBM, JFK Airport, Lockheed Martin, Medtronic, Nomura, Stantec, UPS, Veeco and Zebra.
- More than 80% of the students who have graduated from the program have received job offers from their co-op companies.

**100%**  
of computer science graduates accepted a job offer within six months

Based on 2018-2019 Hofstra University undergraduate degree recipients who responded to a survey or other reliable sources within a year of graduating (61% knowledge rate).

"Through Hofstra, I was able to be part of this year's co-op program as a Data Engineering intern at InterDigital Inc. in New York City. What I like about the co-op program is that it opens up job opportunities that are not necessarily available to everyone. I think the relationship between Hofstra's Fred DeMatteis School of Engineering and Applied Science and companies allows companies to trust that students will perform well at their job. Working as an intern at InterDigital not only allowed me to get hands-on experience in my field of interest, but I also learned new skills while on the job. It has been an invaluable experience."

# The Lawrence Herbert School of Communication

**Mark Lukasiewicz**  
Dean of The Lawrence Herbert School of Communication

Emmy award-winning NBC News executive helped pioneer the network's multi-platform storytelling and produced live coverage of major news events, including four presidential elections and 10 presidential debates.

Lawrence Herbert, Hofstra alum, became CEO of Pantone Inc., and invented the world-renowned Pantone Matching System, a global standard for the communication of colors.

## Television and Film

- Our television faculty helped found major networks like Telemundo and have been presidents of prime time news organizations like Fox News.
- You will learn the fundamentals of television from experts who have contributed to several award-winning shows, including *Good Morning America*, The Olympics, NFL, Super Bowl, NHL, Baseball World Series and *Jimmy Kimmel Live*.
- Our film faculty have been directors, producers, stage managers, writers and more. Not only that, but our professors have won Emmy, Franklin J. Schaffner Achievement and George Polk awards.

## Get Writing, Broadcasting and Filming Experience Before You Graduate

- All students are required to work with the Center for Career Design and Development to complete three credits of an internship (or 180 hours) to graduate.
- Third- and fourth-year students in the Department of Radio, Television, Film can participate in an internship and will earn up to six credits.

## News and Media

If becoming a serious journalist is your ambition, you've come to the right place. Our journalism faculty have held the following influential roles in media:

- Contributors for the most prestigious news organizations like *Al Jazeera*, *Bloomberg*, *CNN*, *Columbia Journalism Review*, *Fortune*, *Harvard Business Review*, *HuffPost*, *The New York Times*, *Newsday*, *The Atlantic* and *The Washington Post*.
- Head of communications for the United Nations Secretary-General's High Level Panel on the Post-2015 Development Agenda.
- Spokesperson appointed by President Obama for international affairs in the US Treasury Department.
- Spokesperson for New York City economic development initiatives during the administration of Mayor Michael R. Bloomberg.
- On-air commentator providing analysis of media, social justice issues, and politics for NPR, CNN, BET, Fox, TV-One, MTV and MSNBC.

"Professionally, working on Hofstra Votes Live (election coverage) was definitely an unforgettable experience. I was the main camera operator in the WRHU mixing studio. I learned so much from that night; teamwork is so important in television production. Being a Herbert School student is definitely the best decision in my college life."

## A Career in Medicine

The field of medicine is diverse and offers many more options beyond medical school.

- **Master of Health Administration:** Develop and strengthen your communication and leadership skills to manage health services effectively and maximize the health status of diverse populations.
- **Public Health:** Conduct scientific research or promote and protect the health of the community through education.
- **Health Informatics:** Develop information systems to manage patient healthcare information or help doctors create treatment plans.

## Northwell Partnership

- Hofstra University has partnered with Northwell Health, New York state's largest health care provider and private employer, to establish and operate the Donald and Barbara Zucker School of Medicine at Hofstra/Northwell.
- This dynamic collaboration has transformed medical education through the creation of an innovative curriculum that integrates academic course content with hands-on clinical experiences. It is a new approach to learning that combines biomedical, biopsychosocial and clinical medicine needed to tackle tomorrow's healthcare issues.

"I decided to study at Hofstra University because I wanted to study healthcare administration and the US healthcare system is more advanced than the system in India. In my program, I've developed a lot of leadership skills. My professors give group projects and presentations throughout the school year where students take turns being the leader of the group. This experience provided me with the opportunity to gain interpersonal and communication skills. My program also hosts events where they invite current healthcare professionals to speak to students about the industry. These events are great opportunities for us to network with and learn from some of the most influential people in the industry."

# UNDERGRADUATE ADMISSIONS

We offer several routes to admission. With approximately 165 bachelor's degrees, flexible study plans and start dates throughout the year, we will help you find the option that's right for you.

There's no need to stress about where you start; just focus on where you're going. You can complete your degree at any stage. We don't design our programs for one type of student; our programs are built for every kind of student. Where you will begin depends on your grades and English level. Where you end up is where you want to be: graduating with a bachelor's degree from Hofstra.

→ **DIRECT ENTRY:** If you meet the academic and English language requirements for your degree program, you can apply directly to Hofstra University.

To apply, you will need the following required documents: declarations, high school transcripts, university transcripts (for transfer applicants), proof of degree, personal statement, a letter of recommendation, accounting of time, passport, English test score and proof of enrollment (transfer student only). An application fee may apply. For more information, visit [www.hofstra.edu/admission/adm\\_international\\_main.html](http://www.hofstra.edu/admission/adm_international_main.html)

→ **INTERNATIONAL YEAR ONE:** International Year One allows you to begin earning credits toward your degree even if you do not meet the academic and English requirements for direct entry. You will receive additional academic, English language and cultural support to help you successfully complete your first year and graduate in the same amount of time as direct entry students. For more information, visit [www.intostudy.com/hofstra/programs](http://www.intostudy.com/hofstra/programs)

### US UNDERGRADUATE EDUCATION SYSTEM

To graduate with your 4-year undergraduate degree, you will need to take the following classes:

**Core classes:** General education courses can include English composition, social sciences, humanities, history, mathematics and natural/physical science. These are typically taken at the beginning of your degree.

**Major classes:** These classes will be about the specific field of study you chose. They are typically taken toward the last part of your degree.

## UNDERGRADUATE TRANSFER PROGRAM >>

Have you earned credits from another college or university and want to transfer to a US university? You can transfer directly into Hofstra University or choose our Undergraduate Transfer Program (UTP) which is specifically designed to support international students through the process of transferring.

### Why Choose UTP?

Choosing UTP provides a customized, cost-effective path to your bachelor's degree. Before your program starts, Hofstra will provide you with an estimate of credits that transfer to the university. Once you arrive on campus, our friendly staff will be available to help you transition into life at Hofstra University. You will also have access to helpful resources including academic, English language and cultural support. If you do not meet the English language entry requirements for the UTP, you can enter our Academic English program before progressing to either the UTP or direct transfer to Hofstra.

### Undergraduate Transfer Program Benefits

- Transfer of credits from your college or university-level classes to your degree
- Receive customized curriculum of university credit-bearing courses
- Quick turnaround time for offer (5-7 business days)
- Unofficial Pre-arrival Credit Evaluation (1.5 additional business days after receiving offer letter)
- Progression to an undergraduate program upon successful completion of your UTP
- Academic advising throughout the program with progression and student success advisors

## GRADUATE ADMISSIONS >>

Hofstra is home to approximately 175 graduate programs. Our programs are designed to help you combine your passion, strength and skills into a successful career. There are multiple ways you can begin your graduate-level studies.

How you start your program depends on your academic profile and your English level. How you finish your program is exactly how you pictured: graduating with a master's degree from Hofstra.

→ **Direct Entry:** If you meet the academic and English language requirements for your degree program, you can apply directly to Hofstra University.

To apply, you may need the following required documents: declarations, university transcripts, proof of degree, personal statement, letters of recommendation, accounting of time, passport and English test score. An application fee may apply. GRE or GMAT scores may also be required.

Graduate degrees are competitive, and an extensive review of your application will be done. Please expect a longer turnaround for an admissions decision. For more information, visit [www.hofstra.edu/admission/adm\\_international\\_main.html](http://www.hofstra.edu/admission/adm_international_main.html)

→ **Graduate Pathway:** Our Graduate Pathways allow you to begin earning credits toward your degree even if you do not meet the academic and English requirements for direct entry. The program will help build the academic foundation and essential English language skills you need to successfully progress to your master's degree. For more information, visit [www.intostudy.com/hofstra/programs](http://www.intostudy.com/hofstra/programs)

→ **English Language Program:** If you do not meet the direct or Graduate Pathway program entry language requirements, you can enter our Academic English program to improve your academic and language skills. Once you have achieved the required language level, you can progress to a Graduate Pathway program. Learn more on page 21.

### Term Dates for Academic English

Fall 2022	Spring 2023	Summer 2023
Aug 2022	Jan 2023	May 2023

Our Academic English program prepares you for the university degree by improving your English language skills and providing you with the academic tools you need to succeed. Students like you will learn English in and out the classroom and you will be taught by our qualified and experienced faculty. You will have a chance to practice your English during your everyday life with native speakers. On top of that, you will receive customized support for international students to help you transition to life at a US university.

### What You will Learn

- Understand US values in an academic setting.
- Present spoken and written ideas accurately and effectively in English.
- Write research papers with proper use of citations and references.
- Read, understand and critically evaluate academic texts.
- Understand and use vocabulary common to academic disciplines.
- Take useful and accurate notes in academic lectures and presentations.

### Academic Study Plan Calculator

Our Academic Study Plan Calculator will help you estimate your study plan. Simply add your academic program and English scores and receive an estimated study plan showing your duration of study. <https://estimateus.intostudy.com>

Invest in your degree.  
Invest in your future.  
Invest in you.

With a strong foundation and on-the-job experiences, your education can determine how far you go in your career. Based on your program, you will receive the level of support that corresponds to your academic profile, English language scores and budget.

Whether you're enrolled in our Pathway programs, Undergraduate Transfer Program or Academic English program, you will have access to our Pre-arrival Success Services and airport pickup when you arrive. You can also enjoy housing coverage and extra meals during university holidays and breaks.

**Programs** There are two main semesters per academic year (Fall, Spring), each about 17 weeks long with a shorter Summer semester of 14 weeks

## Campus Housing

International Year One and Academic English students 21 and under are required to live on campus. Living on campus is highly encouraged even when not required. Pathway and AE students living on campus have access to:

- A free linen package
- Early move-in prior to orientation
- Guaranteed suite-style rooms
- More than a dozen of on-campus dining locations
- Unlimited access to on-campus fitness center
- 24-hour campus safety and security through the resident safety program
- Free shuttle bus to trains, shopping and local area
- Dedicated student support staff and resident assistants who can provide immediate support and attention.

Single occupancy rooms: **\$11,580/semester** Double occupancy rooms: **\$10,050/semester**

Meal plan: **\$3,090/semester**. Prices for housing include breaks during the academic year (spring break, holidays, etc).

**Are you an F-1 student?** You will need to provide proof of funding in order to get your I-20. Proof of funding is a way a student shows they have sufficient funds (usually via a recent bank statement) to live and study full-time in the US for up to one academic year. This is different from the cost of attendance OR a statement of account. The proof of funding amount will not be an amount that is billed to you and is solely for immigration purposes. To find out more about proof of finances for immigration purposes, visit [www.intostudy.com/en/hofstra/costs](http://www.intostudy.com/en/hofstra/costs)
