TO WHOM IT MAY CONCERN

It gives me immense pleasure to recommend Ghadeer Almutairi for a Master programme at your esteemed university. I know Ghadeer as we both work for Transport General Authority.

I have been consistently impressed with Ghadeer's attitude and productivity during the time we worked together. As an individual who is always ready to take responsibility, she executes all her duties with sincerity and dedication.

The experience Ghadeer has is very extensive and will provide her an edge in pursuing the master degree. The dedication and the background she has will enable her to be a successful student in the master programme.

Ghadeer would be an asset at your prestigious institution. I'm confident that she will excel at the endeavours she takes up even post her master programme.

Please feel free to contact me if required further information and discussion.

Sincerely,

Dr. Ahmed Aljizani

Department of Land Freight Transport

Transport General Authority

Saudi Arabia
