

Recommendation Letter

To: University of Sheffield

I want to recommend Osama Owaid Alanazi as an Aircraft mechanic. I have known him personally since April 2022. He is well experience in the task and has been an excellent performer in his position throughout.

Mr/ Osama Owaid Alanazi has excellent experience during this time in the aviation industry. I believe that the knowledge he has gained throughout his tenure made him a perfect employee at Saudia Aerospace Engineering Industries.

He is an Aircraft mechanic at Saudia Aerospace Engineering Industries in his current role. He has been responsible for the airport line maintenance, which, coupled with enthusiasm and immense dedication, has helped the business to work perfectly.

I am more than confident about the ability of Mr/ Osama Owaid Alanazi in the field of his knowledge and caliber. If any further details are needed, kindly contact me at the email mentioned.
