To Whom It May Concern

It is with great pleasure that I recommend Alfaifi Yahya Jaber H, holding Gov. Id. Number: 1081302802 and Academic Number: 351001659, as a candidate for the master program.

Yahya graduated Bachelor of Emergency Medical Services Program, from Al Ghad International Applied Medical Science College, Najran, Saudi Arabia. As part of his degree requirements, he followed my course on contemporary EMS.

Yahya managed his workload extremely well and was even able to flexibly handle multiple courses simultaneously.

His performance in our college is an excellent indication of his future performance; he would be an extremely valuable asset to your Institute. If I can provide you with any further information, please do not hesitate to contact me.

Sincerely,

Dr. Izhar Ansari,

(Lecturer & Coordinator);

Al Ghad International College for Applied Medical Science, Najran.

To Whom It May Concern

I am writing in enthusiastic support of Alfaifi Yahya Jaber H, holding Gov. Id. Number: 1081302802 and Academic Number: 351001659, for further his future education. I have known Yahya since he was a student in the college in Emergency Medical Services Dept.; Emergency distinguished himself in our course by receiving the highest grade in the class. But this accomplishment only scratches the surface of his ability and character. Yahya is the type of person who loves learning. He's one of those rare people who works very hard and diligently, but does so with a smile on his face. He constantly strives for excellence in EMS, but Yahya does not let him thirst for knowledge rule his life. He is a scientific humanist, with a genuine caring for others. It should come as no surprise that Yahya is well-liked and admired by his peers.

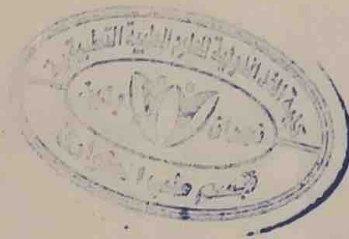

Yahya's knowledge of the intricacies of how the EMS works was unrivaled in our course, allowing him to easily win a competitive class contest. He is also a leader, holding a position in the Campus EMS Service, a student-run organization that provides EMS information to students.

Yahya handled himself with a polished confidence, attending to audience questions about EMS in a clear, friendly, unaffected manner.

In short, Yahya's high caliber of character and keen EMS expertise set him well above others at his level of education. I warmly recommend him for his future master program and job.

Regards,

Dr. Belal
