RE:
Recommendation Letter for Miss Sawsan Alshayeb

Dear Sir/Madam;

Miss. Alshayeb is currently enrolled as a Bachelor Degree Student in Civil Engineering (Honours) at the University of Technology Sydney (UTS). Miss. Alshayeb was enrolled in the course 'Engineering Project Management' with me.

Sawsan is making an excellent progress in her degree, and she is applying to a Master's degree in Project Management at your reputable institution. I hereby support Sawsan's application to this degree and highly recommend her for admission. Sawsan is a hard worker, diligent, organized, and very well mannered. This Master's degree will help Miss. Alshayeb enhance her understanding in the field of project management and will qualify her for careers in the field.

Sincerely yours,

Mohammad Alsawwaf
Faculty of Engineering and Information Technology School of Electrical and Data Engineering
