

I am LAMA Abdullah ALASHWAL . I graduated from Riyadh Elm University from 2019 . I am a General Dentist with interest in travel and visiting different countries, learning about new cultures, old history, new technology, all beside my passion in dentistry .

The love story of Restorative Dentistry was born when I was on dental school 5th year I worked on patient with full treatment plan and many restoration its make me happy to make new smile for many patient with conservative way .

I am an active person with interests in reading. In addition to my communication and leadership skills. As I was the leader of my batch for almost 5 years and the intern during my internship year.

I enjoy volunteering when I was student volunteer on Geriatric patient with Alzheimer 's disease , although also I did many community projects that's help to improve society on Oral Health care since I go to school and help children on many subjects like giving them the right instruction on brushing teeth and many other awareness .

**I presented a research on my internship titled
(Assessment Of Knowledge About Silver Diamine Fluoride In
Riyadh Elm University Among students and Interns.)**

**On sep 2019 I get certification of appreciation from director of
internship program for high performance , attendance , and
punctuality .**

**I have experience on privet sector I worked for 1 year and I have
also many workshops on dentistry .**

**Finally, I consider myself a qualified person that will surely
benefit not only the patients but also my colleagues in the
field. I believe that I am active person with a strong passion
on Restorative Dentistry .**

Sincerely,,,

Dr.Lama ALAshwal
