

---

Here is a statement for you:

Michele Binder, Head of the Neuroimmunology and Remyelination Laboratory at the Florey Institute of Neuroscience and Mental Health, has agreed to supervise Abdul Albalawy for ~80 hours of laboratory research training. Abdul will undertake a project within the lab commencing from approx. Monday 30th July and concluding Friday 7th September. During this time Abdul will spend approx. 15 hours per week in the laboratory undertaking a research project.

Cheers, Michele
