Alfred University

To whom it may concern:

I have known Khalid Khalaf Alshammari for two years as he took several courses from me and was my assistant and grader for some classes.

Khalid Khalaf Alshammari studies very hard. He never skips steps, and never takes “short cuts.” He is a very sincere learner.

Khalid Khalaf Alshammari is a nice guy, and works well with other students.

Khalid Khalaf Alshammari progresses steadily in the last two years, and has achieved a level which exceeds his peers.
