

**STATEMENT IN RESPECT OF Mr. MOHAMMED ZAYED ALBBILASI
MADE BY PROF. DR. ZAHID MAHMOOD
DEPARTMENT OF MANAGEMENT, COLLEGE OF BUSINESS ADMINISTRATION (AACSB)
KING SAUD UNIVERSITY RIYADH, SAUDI ARABIA**

I have known Mr. Mohammed Zayed Albilasi approximately more than 12 years during the collaborative academic programs between King Faisal Air Academy and King Saud University in the capacity of cadet. He has been registered in a number of courses. He has also completed his research oriented assignments under my close supervision in the areas of National Security and Governance.

Zayed is a very capable student and has demonstrated over a number of years a capacity for acquiring knowledge and learning at graduate levels in various educational and professional training programs. From my personal knowledge of Zayed, I observe him to be an eminently qualified and suited applicant for your University higher degree program especially in the field of National Security and Governance.

Zayed has demonstrated a high degree of determination and resourcefulness in pursuit of his academic and professional career. I am able to confirm from evidence that Zayed's leadership capacities in an academic and professional context, but also I would surmise that, from my knowledge of his long and successful in the Ministry of Defense that he will develop his capacity to employment drawn from this experience in his academic career.

In comparison to other colleagues and students from the same Academy and University, he has demonstrated, beyond any doubt, that he is cooperative and compliant individual, with a strong motivation for task completion and for application to complex and challenging assignments. The dominant personal traits exhibited by Zayed as those of honesty and openness – I have never had occasion in any way to doubt or question his integrity and I trust his implicitly. If he has a failing, it is that he is a very modest and unassuming individual.

I have absolutely no hesitation in recommending him as a very suitable applicant and I find his critical thinking and analytical skills up-to-date. Importantly, Zayed has the potential to learn and to grow in any position, and since he is passionate about his profession, I would feel very confident that he will prove to be a wise choice should you find him suited candidate for your Postgraduate Degree Program.

RECOMMENDATION

I knew **MR. MOHAMMED ZAYED ALIBLASI** as a student of mine of postgraduate course (master of military science) Mr. Zayed has distinctly, and quite comfortably, fulfilled the requirements of all courses. He seriously worked on developing his research skills and knowledge. I have no doubt that he will make a significant difference while pursuing his further postgraduate studies as well as in the workplace afterward. He happily offered help and support to other students and colleagues, and always made himself available to take responsibilities that are well beyond his duties as a student I would not hesitate to recommend offering Mr. Zayed a place in any further postgraduate programs . Please, do not hesitate to ask any further questions regarding his capacity and performance.
