To Whom It May Concern

I have the pleasure to write a recommendation letter for Mr. Rshud Benh Rshud Alshammary. I have known Mr. Alshammary for about four years as a very good student in the Management Information Systems program, University of Hail. His records show his ability to improve his performance and upgrade his course's scores in his undergraduate program. Mr. Alshammary is an intelligent, hard working, and serious student; therefore, he will be able to pursue his graduate program successfully and smoothly. His work experience after graduation has added positively to his capabilities and skills to conduct a graduate program.

I strongly recommend him to your prestigious institution without any reservation. I am sure he will be as a good asset to you as he was with us in his undergraduate program.

If you need any further information, please, feel free to contact me.

Sincerely,

AK. Amer
