To Whom it May Concern,

My name is Mr. Ayman Abou Karroum, and I have had the pleasure of teaching Abdulrahman Al Binali English for the majority of his high school years from 10th grade to 12th grade in the subject areas of English MYP 5, English Grade 11, and currently grade 12 AP Literature and Composition.

Academic Ability: Abdulrahman's academic record is a true reflection of his **outstanding** ability. His rational powers are **exceedingly sharp**, enabling him to analyze and solve challenging problems with great ease. He expresses his thoughts with **remarkable** clarity. He presents arguments **coherently**, staying close to the point and arriving convincingly at **logical** conclusions.

Personal Qualities: Abdulrahman is **intensely motivated, persevering** and **reliable**. He meets deadlines **without exception** and displays **exemplary** self-discipline. He is an **emotionally mature**, pleasantly **open minded** and warm person, who is **highly respected** by students and teachers alike. His self-confidence, and sense of responsibility are **excellent**. His work and study habits are **extremely efficient**.

Extracurricular Activities: Last year, Abdulrahman formed the **YAW (Youth Against War)** group, but as his raising awareness attempts have gone in vain, his group disbanded; however, he is **determined** to bring his group back to life in the coming few years. Abdulrahman is an **avid** writer, and at present he is working on writing a novel which he plans to have published by the end of 2023. Abdulrahman currently possesses 70 volunteer hours at the Avicena Dental Clinic providing help to inpatients preparing for surgery. In addition, Abdulrahman has accumulated roughly 120 hours with Dhahran Ahliyya School's **WWOW (Week Without Walls)** program. Finally, Abdulrahman is also taking volunteering work at Al – Manaa General Hospitals as a receptionist at their blood bank having accumulated 40 hours of volunteer work.

Suitability for the course: Abdulrahman sets himself **clear-cut goals** which he easily attains. He will do very well in academic life and will prove an asset to a top university. I **strongly** recommend Abdulrahman not only as a student with **outstanding** ability, but also as a learner who has **much** to offer to many aspects of university life.

I have no hesitation in recommending that you accept Abdulrahman as a student at your esteemed university and wish him luck in furthering his studies.

Sincerely,

Ayman Abou Karroum
