Recommendation
To Whom It May Concern

Name: Aisha mansoure debian ablawi

The above-mentioned name was one of my students at the department of Biology who were characterized in their studies with their hardworking & caring with attendance. Regarding her academic qualifications she got her B.A. degree in the field mentioned above and was highly recommended to pursue for higher studies. Moreover, she enjoyed high good morality & good conduct. Therefore, I recommend her to continue her postgraduate studies.
