TO WHOM IT MAY CONCERN

It's my pleasure to recommend Ms. Hussah A. AlZamel for admission to your Master program. She held a position in Finance department as a teaching assistant.

Ms. AlZamel was my student in the undergraduate study, where she showed an excellent performance and interest in research, she had published a paper for her senior project, and she graduated with a first honor in the business school with a GPA 4.99 out of 5.
