To Whom It May Concern:  
Re: Joud Mohammed Tayeb  
Date of Birth: 7 May 2005

It is my pleasure to recommend Joud Tayeb, a student enrolled in the IB Diploma Programme at Jeddah Knowledge International School, for admission to the undergraduate programme at your institution. I have taught Joud as her IB Visual Arts HL teacher. She is a conscientious, and highly responsible student with exemplary study skills, which reflects in her excellent grades.

Joud demonstrated great effort, interest and growth throughout the year and showed outstanding progress in the IB Visual Arts HL course, which requires students to have high levels of critical thinking and analytical skills. Joud is a risk-taker who explored a wide range of media and techniques in art, such as observational drawing, painting, sculpture and others. She created studio pieces reflected on her surroundings using Still Life, Spaces & Places and Cultural Identity themes. Joud has explored her interests through her art making process, for example her “Sense of Place“ studio piece was a reflection of her passion to Architecture. She got accepted in the Mawhebah and MISK Saudi Programs, she scored 780/800 in Mawhebah, which considered her one of Saudi Arabia’s most gifted 2%.

Joud’s personal attributes are as impressive as her academic and creative accomplishments, showing great strength and caring through her involvements in the local community, she has been teaching at a Kids Art Club. She also accomplished many positions with high level of responsibly in different tasks around the school in MUN and Student Council. She participated in JKSMUN 2019 and SIEGMUN in November 2021. She also has helped in another school events (JUS), as an usher She also has a community service routine with her family every Ramadan to distribute and give 300 meals every day to poor people.

Her interest in arts, sports and languages is demonstrated in the improvement of diving, swimming, and French and Turkish speaking skills. She has demonstrated excellence in all that she puts her mind to, and I can confidently say that she will succeed in any endeavor she pursues. Joud has my highest recommendation for admission to your undergraduate program.

Sincerely
