

*Dear Admissions Committee,*

*It is my pleasure to recommend Khalid Aljabry, who I taught in my Physics 1010 class in 2016.*

*Khalid demonstrated big effort, participation and growth throughout the year resulting in good quizzes', lab and exams' grades. He has a positive attitude and he can always improve.*

*Khalid not only raised his grades, but he also highly contributed to our classroom environment supporting others and asking questions.*

*I am confident that he will continue to display the same commitment, optimism and diligence in everything he does, that he showed his peers and myself. I highly recommend Khalid for admission to your school.*

*Sincerely,*

*Dr. Marian Kowalski*

*Physics and Math Teacher*

*University of Ontario Institute of Technology (UOIT)*

*Oshawa, Canada*
