Intellectual Maturity	<input checked="" type="checkbox"/> excellent	<input type="checkbox"/> v. good	<input type="checkbox"/> good	<input type="checkbox"/> moderate	<input type="checkbox"/> Below Average

Strengths and weaknesses of the student:

The student has distinguished communication skills in addition to his great passion for learning and searching for the useful, which qualifies him to continue his higher studies and to subordinate what is learned in the educational field in which he works.

More information, positive or negative, which the recommender sees it should be mentioned:

I recommend giving him the opportunity of admission to continue postgraduate studies, especially that he possesses scientific and research specifications that qualify him to carry out scientific research skills in his field of specialization during his studies.
