I am writing this letter to give my recommendation for **MS.NORAH SAAD M ALHAMADI**

As Lecture or the Nursing Program at Shaqra University, Collage of Applied Medical Science at Dawadmi, I work with many students who have substantial knowledge. Each year I notice that only a few outstanding students offer a unique perspective and really embrace their learning of the subject mailer. **MS. NORAH** has consistently shown such a strong desire to learn that I simply could not turn down her request for recommendation.

To start with. **MS. NORAH** is a good student – she received good marks from almost all of her courses in the Nursing Program. Based from my classroom and clinical contact with her, I can confidently say that she is very analytical and a deep sensed person. She is also detail oriented, competent, commuted and passionate student in her work. For her ingenuity, creativity, adherence to role and enthusiasm.

**MS. NORAH** is prepared to enter the post graduate program of your University. She will make a good graduate student. She has the intellectual capacity and she has the ambition. And most importantly, she has the heart of caring.

I am hoping that this recommendation will help **MS. NORAH** in the realization of her goal.
