

Recommendation Letter

10-12-2022

To whom it May concern.

It is my pleasure to write this letter of recommendation for Mr. Sultan Alshehri. I have professionally associated with Alshehri for the past eight years. During this time, he worked with us as an executive member and consultant at AZDA Market and supported the organization by leading a gamut of research studies that supported our program and organizational strategies. He excels in maintaining a workflow, and through his dedicated work ethic, he can keep his team on target, and able to keep an eye on the intake to make sure that there is no disruption to his system.

In addition, Al-Shehri achieved a qualitative leap in 2015, managing the investment sector, with profits that exceeded expectations. He is a senior expert in finance, investment, management, technological skills, and mathematics, which can give a skilled business mind an advantage over competitors.

I fully support Alshehri in his decision to pursue a master's degree and offer him my highest endorsement. I am sure he will be an asset to your university.

Please feel free to contact me if you need further information.
