

Whom It May Concern:

It is my honor to recommend Sultan Alshlwi for matriculation into the to study program at Arizona state University. I have had the pleasure to know and work with Sultan for the three years.

He has a deep-rooted spirit of helpfulness that, coupled with his quick grasp of subject matter, speaks well to his potential While Sultan is a relatively junior member of our organization as measured by tenure, he quickly established himself as a go-to person in the product domains in which he has worked. He has been ever-willing to work with members of our organization to share his knowledge and expertise, most notably as an operation and safety in aviation

Sultan is a valued member of our organization whom we have learned we can rely on, regardless of the difficulty of the task to hand or the novelty of the challenge. His combination of intelligence, commitment, perseverance, creativity, and a compassionate character will certainly make him a valuable member of any academic program. I encourage you to look favorably upon his application.

Sincerely,
