

I am applying to join Manchester University because it has always been my dream university since I graduated from international Islamic university of Malaysia . As well, I am interested with finance and business science at your institution. I am so passionate about finance and business science hus getting to have knowledge about the same will go a long way in helping me realize my dream in life.

Prior to me applying for this course with you, I graduated from Saudi High School, proceeded to international Islamic university to do my degree . I joined the company I am working with as a sales analyst . On top of that, I was tasked with doing finance reporting due to my knowledge about the same. It is something I so much enjoy doing to date.

Due to being engaged a lot at work, it took me a while to get to apply to join your institution. I feel this is the right time for me since I am now ready to get fully committed to enhancing my knowledge. My ambition is to become one of the best finance analyst of my time, which getting admitted into your institution will help me achieve.

Given your high reputation academic wise world over, I have no doubt that I will get the best knowledge with you. I intend to utilize the knowledge I will gain from you to better the world. I hope you will get to consider me for a chance to learn with you and experience the academic growth I so need.
