To whom it may concern

I am writing in support of Ms. Abeer Aldajani to study Master at your university.

I have known Ms. Abeer since 2018. She was among my students that I taught. She was an active and conscientious member of the class. Her assignments were well-written, well-supported, organized, neat, and timely. It was evident that Ms. Aldajani really desired to learn more and challenge herself.

I taught her 3 courses, 'Criminal Law 1', 'Criminal Law 2', 'Consequences of Obligations' and 'Business Crimes'. She passed all of them with very good grades.

Above all, Ms. Aldajani has a good behavior with her instructors and a pleasant manner with her classmates since she worked with them in group projects.

I highly recommend her for studying Master program at your prestigious university.

Sincerely,

Dr. Samah Al Agha
