WALEED Mousa Rahall

Sincerely Yours

Alqadi, Abdullah Fahad H. has been a student in my Math class for the academic year 2022-2023. He is a very academic student in all areas of Math throughout the year. He is an intelligent student who takes an active part in class discussions and solving Math problems. He has worked hard during this scholastic year, as an individual and with his peers, and has achieved good results.

I would highly recommend this student.

To whom it may concern,

Riyadh Schools for Boys
