Subject: College Recommendation Letter from a Teacher/Counselor

Respected Sir, Madam,

With pleasure, I am writing this recommendation letter on behalf of Miss Sara Hani AlJahdali, who is applying for a place to study at your university. Sara is a current student in my English Language Arts class for her senior year at Dar Jana International Schools. From her first day in class, Sara surprised and impressed me with her charisma and strong presence. She is interested in studying Law. I have witnessed her capability to withstand all the prejudiced accusations against innocent people, and I am certain she will defend their rights while abiding by the laws. As a fact, Sara's leaning more towards a political pathway and by having a law degree, she believes she can achieve her dream of being a successful lawyer or diplomat.

Ms. AlJahdali enjoys every English session and is passionate about reading in general, knowing more about world leaders, tyrants, fascism, and ancient civilizations in specific. In class, Sara is an exceptional debater with great arguments/points, and the tone she addresses her argument in is superb. And for that, her team won twice against one of the best debate teams in school during her junior year. As for her academic achievement, Sara's transcript clearly shows that she has taken a very rigorous curriculum at DJIS. She has succeeded in all classes and obtained high scores at our extremely competitive school.

Besides her excellent grades, she has several experiences in DJIS MUN first as a delegate in seventh grade, then as a Vice Head in eleventh, and is currently the leader of committees. She has also been involved in extracurriculars outside of school in which she distributed food for the needy, took part in a garage sale in her neighborhood, and participated in an advertisement video for a center opening. Athletically, she is a gymnast, a tennis player, and a good swimmer. All these experiences have helped her shape her personality.

I highly recommend Sara for admission to your university as I am certain of her academic abilities. She is a determined and courageous individual. Please feel free to contact me if you have any questions at eng.heraa@djis.edu.sa.

Sincerely,

English Language Arts High School Teacher
