REFERENCE LETTER

TO WHOM IT MAY CONCERN,

It gives me a good opportunity as a reference of **Mr. Raeed Awad Al-Oufi** requirement for his Master degree application.

I have known Raeed since February 2016 as MR technologist in King Fahad Specialist Hospital-Dammam (KFSH-D) where I joined as Consultant Neuroradiologist.

Mr. Al-Oufi is very active and demonstrating very good knowledge and skills that are necessary to perform the job effectively. He effectively completes his works within time assigned without sacrifice of accuracy or quality of performed work.

He is polite and kind in dealing with fellow co-workers and supervisors. Raeed has also an excellent ability to get on well with patients. He is a man of honor with admirable conduct and character.

In general, I consider him one of the best MR technologists we have in this hospital, and I have no hesitancy in recommending him. I wish him all the best in every step of his future and academic career.

Dr. RAMI ALHAZMI, MD

Consultant Neuroradiologist
Head, Neuroradiology Section
Director, Neuroradiology Fellowship
Department Of medical Imaging
King Fahad Specialist Hospital
