To Whom It May Concern

I was asked to write a letter of recommendation on behalf of Ms. (SABREEN SALEH MOHAMMED ALKAHLANI). I am pleased to do so. I have known Ms. (SABREEN) as a student in the Department of Computer Science at Taibah University.

In my observation, she has always been serious about her studies. She was one among a few students who regularly came to my office for consultation and discussion. Her proficiency in English Language is excellent, and I would rate her academic abilities, initiative-taking capacity, attendance, attention to assigned work and responsibilities, character and conduct "very good".

I always found (SABREEN) to be honest, intelligent, reliable, hard-working and well-prepared for her classes. She has also been a friendly and agreeable student with her peers and also with her teachers.

I highly recommend that you consider her application, as she will be a great asset to your program. I'm sure you will find her to be a student whose talents will only shine further through your graduate program. It is my hope that you will accept her admission. If you have any questions regarding this recommendation, please do not hesitate to contact me.

Yours Sincerely,

Doctor: Wafaa Ghonaim
