

## **To whom it may concern**

This reference letter is provided at the request of Norah Al-Harbi who has asked me to serve as a reference on her behalf.

I have known Norah while studying at our department. She scored well above the average in her courses and did an excellent job in her papers. Through her work, she showed high ability to grasp the basic concepts taught, have logical thinking skills and demonstrated an excellent academic working habit.

Norah also showed a distinguish leading qualities among her peers by participating in and out of the university activities and volunteering in some of our public organizations activities to serve the local community.

I'm confident that she will be a very good candidate for your program. English is her second language but sure she can deal with this matter or already done as we all did when studied abroad.

Please feel free to contact me for more information.

Sincerely yours

Prof , Fazwiah Albakr
