Subject: A Letter of Recommendation

I am writing this letter of recommendation with great pleasure for Talal whom I taught during the scholastic year, 2022 -2023. I have known Talal for one whole semester, and he has been able to achieve his academic goals successfully. I have taught Talal in a number of English courses in all of which he excelled. So, I would strongly recommend him to enroll in any university program. I had the pleasure of teaching Talal in his English class at Najd National Schools. He has my highest recommendation as a student and a language learner.

Talal has been able to master almost all language skills very effectively. He has a good reservoir of vocabulary items that enable him to speak fluently and write coherently. His caring nature and personality allow him to work well with others in a team setting, as he always respects others' opinions when they differ from his own. Being a good reader, he managed to learn almost every skill of the English language. Moreover, he has become more familiar with the grammatical structures that enable him to express his own thoughts.

It is significant to mention that he stands out among his peers and classmates. He is well-known for his punctuality, diligence, respect and seriousness. Socially speaking, Talal is admired and respected by his peers and teachers. He has shown great skills and capabilities in various extra-curricular activities including sports and general knowledge competitions. He is talented, caring, intuitive, dedicated, and focused in his pursuits.

I am certain that Talal will always push himself to develop as a creative thinker. He is fully equipped to tackle the demanding and challenging curriculum of the university level. He is an exceptional student. I highly recommend him for admission to any university program. Please do not hesitate to contact me if you have any questions.
