**TO WHOM IT MAY CONCERN**

**Ref: HAMOUD ABDULLAH Z ALZUBAYD**

I have known Mr ALZUBAYD since he was admitted to this Faculty in 2011/2012 as an undergraduate student in Clinical Laboratory Sciences and in course of Diagnostic parasitology 2 (CLS 306). He spent two years studying the various courses of Clinical Laboratory, which were all taught in English. He was graduated with Bachelor degree after spending six months Internship in the hospital laboratories. Mr ALZUBAYD proved to be a hard worker, eager to learn and enjoys good sense of humor. Therefore, I have no hesitation to recommend him for postgraduate studies in Clinical Laboratory Sciences.

This letter was issued on his request

Prof. Omar Hassan Mohamed Amer

Prof. of Diagnostic Medical Parasitology  
College of Applied Medical Sciences.
