To Whom It May Concern  
Re: Ayah Abdullah Alfayyadh  
Date of Birth: 13 September 2005

It is my pleasure to recommend Ayah Alfayyadh, a student enrolled in the American Diploma programme at Jeddah Knowledge International School, for admission to the undergraduate Programme at your institution. I have taught Ayah for two years, as her Visual Arts teacher. She is a conscientious and responsible student with good study skills, which reflects in her excellent grades.

Ayah demonstrated notable effort, interest and growth throughout the two years and showed outstanding progress in the Visual Arts course, which requires students to have high levels of critical thinking and analytical skills. Ayah has explored a wide range of media and techniques in different art themes such as portrait, still life and perspective drawing. I believe one of Ayah's greatest academic strengths is organization and planning when facing difficult tasks.

Ayah's personal attributes are as impressive as her academic and creative accomplishments, showing great strength and caring through her involvements in the local community. She is an independent, committed, capable and a dedicated student. Ayah has volunteered as a teacher assistant at Alnbta Kids Club. By volunteering in this club and tutoring children, Ayah gained communication, listening, and interpersonal skills.

Ayah gained leadership skills as well by participating in the AISJ MUN 2019, JKS MUN 2019 and virtual MUN 2020 as a delegate. Also, in her long pursuit of excellence she has managed to finally achieve another goal she had for a while, which is joining Mawhiba Institute for gifted students.

Her great interest in arts, sports and language is demonstrated in the improvement of her art skills by spending a lot of time exploring and learning new media and techniques. One of the special skills that she is proud of is her level of learning the French language. Ayah is a distinguished tennis player as well. She has been practicing since she was 8, and has improved tremendously since then.

She has demonstrated development in all that she puts her mind to, and I can confidently say that she will succeed in any endeavor she pursues. Ayah has my highest recommendation for admission to your undergraduate program.

Sincerely
