To Whom It May Concern:
Re: Yousof Jihad Abuzeid
Date of Birth: 25 January 2005

It is indeed a pleasure to recommend Yousof Abuzeid to your undergraduate programme. I had the pleasure of teaching him in his 11th Grade Physics course at Jeddah Knowledge International School. One of his greatest academic strengths is being able to continuously think outside the box when it comes to ideas and problem-solving, to add elements of his personality and ingenuity to everyday tasks.

Overall, Yousof is intelligent and has good analytical skills. His project on electricity demonstrated his ability to come to a detailed understanding of the concept and to analyze different problems.

Yousof has excellent communication skills. He always explained his views very concisely and gave supporting arguments that were both clear and persuasive. Yousof also demonstrated good teamwork skills in group assignments.

On a personal level, Yousof is a well-disciplined, industrious student with a pleasant personality. He went far beyond the course requirements in the quantity and quality of his project, putting in a lot of extra research. Throughout the course, he demonstrated great perseverance and initiative. Not only was he interested in and motivated to study the material, but he also put great work into assimilating it to his own experience and developing his own ideas about each topic that we had discussed.

Yousof likes reading; he reads daily to become more knowledgeable about topics that interest him. He also enjoys watching documentaries to learn about new things such as exotic animals and pollution. He also takes joy in Spanish classes at school and is practicing Spanish in his house to be trilingual so that it can help him in the future and with his business career. He has volunteered in monthly food distribution amongst underprivileged families. He also gives to people who are in need of food and water during Ramadan so that they can break their fast.

I am certain that Yousof is going to continue to do great and creative things in his future. I highly recommend him for admission to your undergraduate program. Yousof consistently seeks out constructive feedback so he can always improve himself, which is a rare and impressive quality in a high school student. Yousof is a truly stand-out individual who will impress everyone he meets.

Sincerely,

هند
