Ward Thamer Alyosha

Letter of Recommendation

To Whom It May Concern:

It is my pleasure to write a letter of recommendation for and on behalf of Ward Thamer Alyosha and her pursuit of higher education. It has been a pleasure to know Ward. I am her 12th grade English teacher at the Al Khaleej International School in Riyadh, Saudi Arabia. I have always been impressed with Ward's intellectual abilities and her dedication to academic excellence. Her eagerness to learn and grow intellectually manifests these qualities through every assignment she has completed. Ward is a very conscientious student with a willingness to internalize new material consistently.

Ward has always gone above and beyond in her academic excellence, exemplified by being very studious and dedicated to her school work. Ward has volunteered her time in Riyadh with a very enthusiastic heart. She has over many volunteer hours! Ward is honest, trustworthy and has impeccable integrity. We have been very fortunate to have her as a student here at Al Khaleej.

Ward is flexible, open minded and is committed to cross cultural engagements. I have no doubt that Ward will make a wonderful addition to any student body. She will always bring remarkable honor and exemplar character to any college or university campus! Please do not hesitate to contact me at firstborn_shelton@yahoo.com.

Sincerely,

Dr. Suzanne L. Shelton
