

21st June 2016

Dear Sir / Madam

RE: Academic Reference for Abdulmajeed Durzi S Alharbi (D.O.B. 21/06/86)

On 3rd June 2016 the assessment board confirmed that Abdulmajeed has completed the requirements of the Bachelor of Nursing (Adult Field) programme and therefore Abdulmajeed has been awarded an unclassified degree.

Abdulmajeed joined the programme in 2013 as a direct entry student and during his time on the programme Abdulmajeed continually evidenced his determination to successfully complete his studies. Abdulmajeed contributed within class and demonstrated his ability to work in a self-directed manner and as a team player for group work.

Abdulmajeed coped with the demands of academic work and practice learning to complete his BN degree and I anticipate that Abdulmajeed should be able to undertake postgraduate study.

Kindest regards

AnneMarie Craig MN, PGCE, BSc (Hons.), RN, LPE
Lecturer (Adult Nursing) / Academic Disability Coordinator
BSc / BSc (Hons) Nursing Studies Year 3 Level Coordinator (All Fields)
Nursing and Community Health,
School of Health and Life Sciences
