As the Head of Nursing Department of Al-Gad International Colleges of Applied Health Sciences, I am pleased to recommend **JAMILAH ALMUTAIRI**, one of the most excellent students. I have known **Jamilah** since her fourth semester, when she attended courses of Adult Health Nursing 1 & 2, and Critical Care Nursing at Al- Gad International Colleges for Applied Health Sciences:

In a short extent of time, it became obvious that **Jamilah** is a very talented student. She has always shown interest to learn. I Know **Jamilah** as a motivated student who is hard- worker, serious, and analytically shrewd, with great critical thinking skills. She always completed all coursework and internship training that were assigned to her, researched to find other materials to get more knowledge and information. She always discussed patient care issues and ideas with me.

As an advisor of her, I hope and believe she will be approved in her master program at your university. If you have any queries about this recommendation, please do not hesitate to contact me.
