

To Whom It May Concern

This is to certify that **Miss. ROQIAH AHMED A BASENDWAH** was one of my best undergraduate students at the Faculty of Law King Abdul-Aziz University, Jeddah, Saudi Arabia.

I have known **Miss. ROQIAH** When She enrolled in the course of **Administrative Judiciary**, which she obtained a grade of (A+). And **Administrative contracts**, which she obtained a grade of (A)

I see that **Miss. ROQIAH** is very good in independent researching. As student she was a hardworking, gave me the impression of being able to develop her abilities. She also paid rapid attention to my lectures and attended my classes regularly. She was very keen in following details of the subject matters she had studied with me. In addition, she was very active in student's activities where she has maintained very close relation with her colleagues at this department in particular and at the faculty in general. She is the most in understanding, analysis, and consulting capacity. Therefore, she is the best in comparison to other law students I have known.

Therefore, I am glad to recommend **Miss. ROQIAH** for higher studies programs at your University and I think she is mostly likely to succeed. I do wish her good luck in her studies and future career.

Yours Faithfully,
