To Whom It May Concern

I am writing this letter to recommend Miss. ALJUBIL AMJAD
SULIMAN M who is currently seeking admission to the master
.program at your institute

She was one of the students in the Information Technology
.department at Qassim University

She took with me some of the undergraduate courses which I have
.taught, and her performance in these courses was very good
She has shown very good performance in approaching the final
goal by understanding the problem statement, suggesting the
appropriate solutions and composing the report in a well-organized
manner. She also displayed very good skills in written English
.during discussions and reports

ALJUBIL AMJAD SULIMAN M is well-motivated in her work and
can perform excellently as an individual and as a team member as
.well. I recommend her for admission to your institute
