Letter of Recommendation

It gratifies me to propose **MR. ABDULMAJEED ALI AL-OTAIBI**, one of the sincere students of Pharm D of this college.

Mr Al-Otaibi is efficient, punctual and hard working. He is very effective in his communication skills, aptly representing his exceptional clarity of thought.

Being his teacher, I was impressed by his keen interest and desire to go to the roots of each and every concept. His excellent grasping power, complexity in thinking and systematic approach evident from his fine performance in the classroom, capaciously demonstrates his exceptional aptitude to work in a team for attaining high quality learning in pharmacy profession.

Mr. Al-Otaibi has a keen sense of perception, clarity of his goals and the incessant urge for growth that distinguishes the outstanding from the average. I am aware of his career goals and support his enthusiasm to pursue higher studies or take up challenging opportunities. I am confident that he will keenly accept the challenges that your company offers. I, therefore, strongly recommend him for his appointment in your organisation.

Dr. Syed Mohammed Basheeruddin Asdaq
Associate Professor, College of Pharmacy,
Al-Maarefa College of Science and Technology, Riyadh, KSA
