**Please note:** If you have recently been awarded a first degree or postgraduate diploma taught in English in a majority native English speaking country, you will not normally need to provide other evidence of English language ability. If you provide evidence that your study should have taken place in a majority native English speaking country, such as a CAS, BRP or letter from your university confirming you studied remotely specifically due to COVID-19 restrictions, we may be able to remove the English condition.

Please let us know if you would like to accept or decline the offer by logging back into your original online application. Please do this even if you have previously accepted a Conditional offer. There are no specific deadlines for accepting an offer. However, we encourage you to make a decision as soon as possible and you should do so within three months of receiving an offer at the latest, or by the course start date if that is earlier.
