To whom it may concern

I am writing this letter to strongly recommend Mrs. Nadiyah Mana A Alshammari for your program. I have known Nadiyah, she was a student in course Math in Spring 2015 distinguished herself in this course by receiving the highest grade in the class. But this accomplishment only scratches the surface of her ability and character.

Nadiyah is the type of person who loves learning. She's one of those rare people who works very hard and diligently. She constantly strives for excellence in Mathematics, but Nadiyah does not let her thirst for knowledge rule her life. She is a scientific humanist, with a genuine caring for others. It should come as no surprise that Nadiyah is well-liked and admired by her peers.

In short, Nadiyah high caliber of character and keen Mathematics expertise set her well above others at her level of education. Overall, I would strongly recommend Mrs. Nadiyah for a position in your program.

Sincerely,
Mustafa Elashiry, Ph.D.
Assistant Professor
