To whom it may concern,

It is my pleasure to write a recommendation for Monifah Altabyanwy. I have come to know Monifah very well as her Chemistry teacher. She is not only excellent academically but has shown great social skills as well, showing innovative ideas and leadership qualities that will make her a good addition to any school.

Monifah has always demonstrated the will to move forward and resiliency in tackling expected and unexpected challenges. She showed herself as a responsible, motivated, and hard-working student with excellent academic skills. Monifah had shown excellent results in the examinations and was an exceptional student in class participation.

Watching this student grow into the person that she is today has been my pleasure, and I highly recommend that you admit Monifah into your bachelor program. I am confident that she will make an excellent addition to your program, not only for her intellectual excellence, but also for her social abilities and commendable character as well.

In short, I recommend Monifah to you enthusiastically and without reservation for the admission at your institution. If I can be of any further assistance, please feel free to contact me at any time.

Sincerely,

ABEER ALTHAIB
