

## To whom it may concern

It is a matter of great pleasure for me to write a few words for Mr. Abdulelah Mohammed Alqasem who has graduated from the college of sciences, Prince Sattam bin Abdulaziz University, Alkharj, Saudi Arabia. He is known to me since four years as my student.

Mr. Abdulelah has a good enquiring mind and an ability to address in all directions. I found him very punctual, hardworking, co-operative, interactive student and has been particular to the duties assigned to him. He is very polite and friendly with his teacher and class-fellows. He obtained good grade and a G.P.A 2.95/5 in his bachelor's degree.

I am sure he will be a useful addition in any academic institution, and I recommend him to be admitted in your institution for higher studies.

I wish him every success in his life.
