Dear Admissions Committee,

I am writing this recommendation letter on behalf of my student Abdullah Aljishi for admission to your institution. As his AP Physics 1 teacher in grade 11 at Dhahran Ahliyya School, I have had the pleasure of witnessing Abdullah's growth as a student and his commitment to academic excellence. His dedication and passion for learning, along with his involvement in various extracurricular activities, make him an ideal candidate for your university.

Abdullah has consistently demonstrated a strong understanding of the subject matter, including AP Physics, and Algebra 2. His dedication to mastering these subjects is evident in his impressive academic performance. Abdullah's curiosity and inquisitive nature have contributed to his ability to grasp complex concepts quickly, making him a standout student in my class.

In addition to his academic accomplishments, Abdullah has been actively engaged in numerous extracurricular activities. As part of his Senior Project, he explored the effects of excessive sleep on mental health, showcasing his interest in understanding and addressing real-world issues. His two-year involvement in our school's Robotics program highlights his enthusiasm for technology and innovation.

Abdullah has also volunteered at the Sipchem company summer program and completed a 50-hour Mahwiba course focusing on Physics and Introduction to Calculus. These experiences further demonstrate his willingness to give back to the community and his eagerness to expand his knowledge beyond the classroom.

One of Abdullah's most admirable personal traits is his open-mindedness. He is always open to new ideas and embraces challenges with a growth mindset. His cooperative nature and ability to work well with his peers make him an asset to any group or team. Abdullah's ability to balance his academic pursuits with his extracurricular activities demonstrates his exceptional time management and organizational skills.

Given Abdullah's academic prowess, dedication to personal development, and strong character, I am confident that he will thrive at your institution. I wholeheartedly recommend Abdullah Aljishi for admission to your esteemed institution, where I believe, he will continue to excel and make a positive impact on the university community.

Please feel free to contact me if you require any further information or clarification regarding Abdullah's qualifications.

Sincerely,

Ali Aleid
