**To Whom It May Concern**

Dear Sir,

I am pleased to write this letter of reference for *Mr. Mohammed Fahad M Althayaybi*. He worked as graduate student in the Department of Botany and Microbiology. I have known *Mr. Althayaybi*, for over four years and worked very closely with me, as a graduate student, his academic performance was outstanding. I am pleased to say that he approved his course work as well as his laboratory work with a high degree of seriousness and diligence. His character and personality are commendable and he worked very well with me and with other colleagues in the department. In the laboratory, *Mr. Althayaybi*, is one of the best I have seen in carrying out very careful and well controlled experiments. Further, he is flexible enough and has the requisite background to recognize and overcome unforeseen problems.

Clearly, *Mr. Althayaybi*, is representative of the new cadre of scientist in Saudi Arabia, who will take research in Microbiology to the next scientific level. I highly recommend him and hope he will be successful in future endeavors. If I can be of any further assistance, please do not hesitate to call or write.

Sincerely Yours,

Prof. Dr. Sulaiman Ali Alharbi  
Dept. of Botany and Microbiology  
College of Science  
King Saud University
