TO WHOMSOEVER IT MAY CONCERN

I have the privilege to introduce **Dr. Alshahrani Abdullah Dhafer M**, whom I know as a student and intern in the College of Dentistry, King Khalid University, Abha, Saudi Arabia. He graduated in 2014 with a GPA of 4.14.

Watching closely during past few years, I feel proud about his achievement. His attitude, character and nature blends with what he is today. By observing his clinical work and conduct, he came across as a talented and conscientious student. Over the years he has developed compassionate attitude towards the patients and maintain a friendly relationship with all his colleagues

With his pleasing personality and very good clinical proficiency **Dr. Alshahrani Abdullah Dhafer M**, will be an asset to any Dental institution he joins.

Being resourceful, I am recommending without any hesitation his name for higher studies.

I wish him all the best.
