

Statement of Motivation

Dear Admissions Committee,

My name is Osama Al Hammad, and I am coming from Saudi Arabia. From an early age, I have been passionate about hospitality which I consider one of the most important branches of tourism. Coming from Saudi Arabia, a land of great potential for tourism due to the ambitious VISION 2030 project, I am very enthusiastic to become a part of this project becoming a high-end professional in the Hospitality sector.

My main passion is Tourism management due to its fascinating nature of its protocol, discipline and etiquette, its set of rules and regulations that creates an ideal system which holds the entire business together and the unique teamwork that brings together every member of the staff for the same purpose. On the top of it, I find the Tourism environment ideal for people like me, people who would like to dedicate themselves to creating a great experience for the guests and for my country.

I have already the opportunity to gain valuable experience in the Tourism sector in my country and I also have experience in Event Management.

As for now, I would like to continue my professional career with Newcastle University by joining their Bachelors in Tourism Management. Being Newcastle University student is a big move forward for my career I truly believe that this program will not only help me to get the higher position in Tourism Sector but also give me the opportunity to continue my studies in MSc later in the future which is very important to get a high management position in Saudi Arabia.

Finally, I consider myself to be a worthy candidate at your school because I am an ambitious, motivated, determined, and zealous person who really very much hopes that I can do the best for the benefit of my country and at the same time become a worthwhile student at Newcastle University.

Thank you very much for your time and consideration!
I am looking forward to hearing a positive response from you!

Sincerely yours,
Osama Al Hammad
