- Developed strong communication and organizational skills through working on group projects.
- Organized and detail-oriented with a strong work ethic.
- Proved successful working within tight deadlines and a fast-paced environment.
- Demonstrated respect, friendliness and willingness to help wherever needed.
- Volunteered at local community organizations, providing assistance with day-to-day operations.
- Gained extensive knowledge in data entry, analysis and reporting.

## Additional Information

- in the field of hospitality, which gave me experience in dealing with various groups of society. The 2.5 years program in the hospital has shaped me far greater than I could imagine or hope. Every single day was unique and exciting; the conversations and discussions with doctors who have many years of experience were a treasure to say the least. The constant pressure of the type of work that I was doing on a daily basis has provided me with an ability to handle pressure but still provide good and efficient results.

## *Exercise*

Both my mental and physical health are very important to me and that's why i find exercise and going to the gym one of the most important part of my day. because it helps me stay disciplined and motivated and energized every day. in the past i cannot say that i had all the qualities that i have now and i would say exercise was a major component to who i am today and that is why it is my favorite hobbies.
