

## Visa Mandatory Fields

Please check the below CAS information thoroughly.

If there are any errors, send a message using the "Visa Query (including CAS)" category and do not apply for your Student Visa until this is resolved. Check this screen regularly as the errors can be corrected but you may not receive a notification. The Visa Compliance team will add the correct information to a different section to the assigned CAS number known as Sponsor Notes, which you can find below your CAS number.

On the Biometric Residence Permit (BRP) Collection page on the visa application form, please enter 2HE432 in the 'Alternate Location' box so that your BRP will be sent directly to King's. This is applicable for visa applications outside of the UK only.

It is important that you have read and understood the rules on providing evidence that you have enough funds to support yourself and pay your programme fees. The majority of visa refusals occur when students submit documents which do not meet the requirements to evidence maintenance. Please make sure you know what format your document needs to be in by looking at our [Guide to Applying for a Student Visa](#).

**Important Note:** During the [UCAS Embargo](#) period, affected applicants will **not be able to login** to their King's Apply account, including access to this screen. You will be affected by the UCAS Embargo period if you submitted an application to King's via UCAS this year or in a previous year.

Please download this PDF with your CAS information as soon as possible before the start of the UCAS embargo. This embargo occurs in August every year (dates [here](#)).

### CAS Information

Below are the Mandatory Fields provided to the UK Visas and Immigration office for ALFAISAL ALJALAL(21218429) to become a General Student at King's College London.

#### Personal Details
