Date of Expiration: 12/12/2023
Country: Britain

To University of Liverpool

This is to certify that the above-mentioned student has been nominated to receive a full scholarship from the Ministry of Education in the Kingdom of Saudi Arabia. The scholarship covers tuition fees for the student's academic study. The scholarship also covers living expenses for the student and his/her family including a monthly allowance and a full coverage medical insurance. However, it does not cover any online courses unless an official written permission is issued by the Saudi Arabian Cultural Mission/Bureau in this regard. This letter is intended to be used by the student to seek academic admission. Once the academic admission is issued by your institution, the Ministry of Education will finalize the process of the scholarship for the student. Upon the arrival of the student at your institution, The Saudi Arabian Cultural Mission/Bureau will send you the final scholarship financial guarantee. The Ministry of Education is under no financial obligation until this process is completed.
