To Whom It May Concern

Letter of support: Latifah ALKHALDI

I write to support the application made by Latifah Alkhalidi, a Chemical and Nuclear Engineering student in the School of Chemical and Process Engineering at the University of Leeds.

Miss Alkhalidi was one of the Level 3 students studying a module that I was involved in lecturing in the academic year 2022-23. She has struck me as a hardworking and conscientious student and has demonstrated this by attending lectures in a punctual manner, participating, and submitting all that was required. She was able to grasp new ideas rapidly and has demonstrated the ability to work well with other students. She is well-disciplined and communicates well.

It is my pleasure to support the application from Miss Alkhalidi. Should you require further assistance, please do not hesitate to let me know.

Sincerely yours,

A handwritten signature in black ink that reads "Xiaoan Mao". The signature is written in a cursive, slightly slanted style.

Dr. Xiaoan Mao
