## To Whom It May Concern

This to certify that Mr. Tariq Mofareh Ahmed Alshehri is known to me since he started his job as radiologic technologist in 2019 at Security Forces Polyclinic, Kingdom of Saudi Arabia, Abha.

During all those years I noticed that he is hard worker, highly motivated and has a highly dedicated personality that give me the belief that he can succeed in every aspect of life.

Regarding his general personality, he is an intelligent person who expresses his thoughts clearly and politely. He is emotionally stable and shows good responsibility in all tasks. He always shows excellent relations with patients and all those who work with or come in contact with him.

I highly recommend him for postgraduate studies leading to master degree in radiology. My belief is that he can succeed in any job assigned to him.

Sincerely yours,

Dr. Abdulkareem A. Alfazil
